Jill has a broad planning background that includes work in both the public and private sector. Her experience as a city planner and DDA executive director, combined with her commercial real estate experience, marketing and promotional skills, allows her the opportunity to assist clients with a variety of projects.

At Birchler Arroyo Associates, Jill is able to draw upon her experiences, helping clients with site plan reviews, zoning amendments, parks and recreation plans, and master plans. Jill understands short- and long-term planning processes and is well-suited to project management.

Jill has assisted the Michigan Department of Natural Resources with the General Management Planning process for nine state parks across the State of Michigan. Her appreciation for nature and the environment is uniquely balanced by an understanding of economic development, evident in her downtown revitalization work and site plan efficiency projects. She particularly enjoys the public input components found in all BA projects and collaborating with clients to provide products that serve their needs.
