

Put Your Ordinances, Maps, and Application Forms on the Internet

Birchler Arroyo Can Develop A Custom Program Including the Following:

- **Web Site Hosting** - Not ready to launch your own web site? We'll host a home page for you at our web site that will link residents to maps, ordinances, applications forms, etc. for just pennies a day.
- **Conversion of AutoCad & GIS Maps for Web Applications** - We can take maps from complex programs and convert them for web viewing and printing in a user-friendly format.
- **Electronic Ordinances** - Take those paper copies of municipal ordinances and make them available on the internet. This can free up staff time and improve customer service.
